Cost

Section -2: (Cost and Available options for your treatment):

Manipal Health Enterprises is one of the largest network of hospitals in India with over 60 years of experience in treating most complex ailments, Manipal Health Enterprises manages and operates over 5500 beds in 15 hospitals across India. The Quality and clinical outcomes is maintained throughout the network.

After evaluating your condition, we will be able to provide treatment at Manipal Hospital Bangalore. We have attached the cost below for your kind consideration.

	Private Room	
Cost of the Surgery	16000 USD	

NOTE: The pre-operative evaluation to be done on out-patient basis includes fresh 1.5T full-spine MRI, dynamic radiographs, ECG, Echocardiogram, blood tests etc (as required) and this would cost USD 600/- . In case the patient has high medical risk necessitating the ICU care post-operatively, the cost would be additional. If the dynamic radiographs reveal hidden spinal instability, it would be advisable to carry out a fusion surgery and the cost of add-on surgery and implants would be additional (approximate total cost for single level PLIF is USD 19,500/-).

Inclusions:

1. Bed charges
2. Clinical Lab Charges
3. Professional Charges
4. Nursing Charges
5. Dietary Charges for the patient and an attendant
6. Operation Theatre charges
7. Anesthetist charges
8. Procedure charges
9. Airport Pickup and Drop facility
10. FRRO and visa extension coordination charges
11. Meet & Greet at the Airport.

Exclusions

1. Accommodation Charges
